REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Further review in light of the Appeal Brief filed 2/28/2005 results in allowance of the remaining claims in this application for the following reason: The reference to Kohlpaintner et al. uses a distinct member 25 projecting from the guide 14 as a first locking portion. As a result, direct engagement of the slotted guide 14 (slotted as taught by the specification) and the second locking portion defined by member 26 is precluded by the intervening member 25.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dennis H. Pedder whose telephone number is (703) 308-2178. The examiner can normally be reached on 5:30-2:00.
